

SECTION 21. LAUNDRY

1. Each cadet will have two laundry bags.
2. Each cadet will be given a laundry number when he first reports to the Academy, and he will retain this number during his entire stay. All uniforms and equipment must be marked with this number.
3. Laundry slips will be furnished cadets. These slips will be filled out and placed in the bag with the soiled laundry. Each laundry slip contains a column showing the number of items of laundry which each cadet is allowed each week under his tuition charge. All items per week in excess of the allowance will be charged to the cadet as extras.
4. Laundry formations will normally be held Friday morning at reveille.
5. A cadet who receives the wrong laundry or any articles belonging to another cadet will return it at once to the laundry, reporting his action verbally to the Commandant. A cadet who upon checking his laundry finds articles which are damaged or missing, will fill in a claim slip and submit it to the Superintendent of the Laundry. If the claim is not settled satisfactorily to him, the cadet will report the facts verbally or in writing to the Business Manager.
6. No cadet will have soiled clothing taken to the laundry or picked up from that establishment by another cadet.
