

SECTION 25. PERSONAL PROPERTY

1. **Marking Property:** Cadets will clearly mark their clothing, caps, and other personal property for identification. A cadet's laundry stamp may be used for this purpose.

2. **Property Responsibility:** Each cadet is responsible for his personal possessions and should properly care for them accordingly. Articles of unusual value or sums of money will be deposited temporarily with the Treasurer or Commandant. The Academy cannot be responsible otherwise.

3. **Lost and Found:** Lost articles will be reported at once to the Commandant with description, and when possible, with time and place of loss. Items found will be at once turned in to the Commandant with pertinent information. Possession of an article reported lost, or one found and unreported, is a serious offense.

4. **Civilian Clothing and Trunks:** All cadet trunks and hand baggage will be locked in trunk rooms with proper identification tags on each piece. No outer civilian clothing of any kind will be kept at the Academy. Items of civilian clothing will be sent home as directed. Having civilian clothing in rooms is a serious offense.

5. **Clothing Repairs and Replacement:** In order to present a neat appearance at all times, each cadet should keep uniforms and clothing in proper repair, cleaned, pressed, and properly fitted and laundered at all times. Disreputable clothing must be repaired or discarded. It may not be worn.
